

August 2010

*Each year fall ushers in the beginning of knitting season. New sweater patterns, yarns and events that inspire us to grab our needles, curl up with a cup of coffee and enjoy the quiet of knitting. Whether you knit for charity, for your wardrobe, to pass time or therapy, it's a fabulous time to be a knitter!*

*It's an especially exciting time for me as well. The shop is beginning to bulge at the seams with all the new yarns making their way onto the shelves. In additions to all your favorites, this fall we are filling shelves with fiber and accessories from smaller companies. They produce unique products with attention to quality and earth-friendliness. Some of these are companies are moms working while their children nap and your purchase means a lot to them!. We will introduce you to them in the coming months. I think you will love them too!*

## Wisconsin Sheep and Wool Festival

Fiddlehead Yarns will again be taking a Coach Bus to the Sheep and Wool Festival this year. We will be leaving Saturday, September 10<sup>th</sup> at 7am and return back to the shop around 5:30pm. This gives you enough time to take a morning or afternoon class. Spend the day in classes, shopping, watching the shearer or just knitting. There is something for everyone! The cost is \$35, which includes transportation and entry into the festival. Sign up today!

We need **HATS!!**

*The HOPES Center provides counseling services for members of the community that are homeless, or at risk of homelessness, and these services are provided for free. One of their services is clothing those who are without. They need HATS!! Specifically mens, but they will take women and children hats as well. Washable is best. Any color is great (but please keep in mind that if it's for a man...they may not enjoy pink!)*

*Drop them off anytime but we will be collecting them UNTIL CHRISTMAS. Thank you for your help!*

*...and while you are at it...One of our knitters, in order to pay for her knitting habit, is a nurse in labor and delivery at Kenosha Hospital. They need baby hats. Washable, small and adorable is appreciated ☺*
